# THE BROMSGROVE COTTAGE HOSPITAL

—:o:—

## RULES.

1.—The Hospital is designed for the accommodation and treatment of suitable cases of sickness and accident within a radius of five miles of the Town of Bromsgrove and such parts of the parish as may be beyond that limit. Suitable cases are defined as those requiring treatment as in-patients, and these must (except in cases of accident) be *bona fide* residents within the said radius. No out-patients' department is provided.

2.—The Hospital shall be under the management of a Committee, consisting of President, Vice-Presidents, two Lady Visitors, the Medical and Dental Officers of the Hospital, Honorary Treasurer, Honorary Secretaries, and Eleven Subscribers, who shall be elected at the Annual Meeting. The eight of the Elected Members of the Committee who during the preceding year shall have attended the greatest number of meetings shall be re-elected, the remaining three shall retire but shall be eligible for nomination.

3.—The Annual Meeting shall be held in the month of January, at which the Report of the Committee and Statement of Receipts and Expenditure, with the Balance Sheet for the past year, shall be presented. No alteration in the Rules shall be made unless notice thereof be given in the circulars and advertisements convening the Annual Meeting.

4.—The Committee (four of whom shall form a quorum) shall meet once a month, at a time and place to be appointed by the Committee, or, in the absence of any such appointment, then on the first Wednesday in every month at 7.0 p.m.

5.—Visitors for each month shall be appointed by the Committee.

6.—The Committee shall have power to make byelaws and do all such things as may be necessary for the management of the hospital, and to fill any vacancy that may occur in their number.

7.—One of the Honorary Medical Officers shall be appointed by rota to take the general superintendence for each month, and he shall be called the "Medical Officer in Charge for the Month," but each patient shall be attended by such Medical Officer as he or she may select; in cases where no selection is made the patient shall be attended by the Medical Officer in Charge. In cases of important surgical operations all the Medical Officers shall have due notice.

8.—In the event of a vacancy occurring in the posts of Honorary Medical or Consulting Officers, the Committee shall be empowered to fill the same, such appointment to be confirmed at the next Annual Meeting.

9.—The Committee shall appoint a Matron (who shall reside in the Hospital), and they may provide further assistance if and when required.

10.—Admission will be free to all deserving patients, the Committee reserving to themselves the right to make a charge in such cases as they may deem fit.

11.—No midwifery cases, or persons labouring under mental, contagious, or incurable diseases, shall be admitted.

12.—Every Subscriber shall have the privilege of recommending one patient for each ten shillings subscribed.

13.—Cases of accident and emergency requiring immediate hospital treatment will be admitted forthwith; Medical and Surgical cases will be admitted on the recommendation of a Subscriber, countersigned by a Medical Officer.

14.—No patient shall be allowed to remain in the Hospital more than two weeks without a fresh letter of recommendation.

15.—Every requisite, except personal clothing, will be provided in the Hospital. Patients shall submit to the regulations of the Hospital, and not receive food or drink from any other source without the sanction of their Medical Officer.

16.—Subscriptions shall be paid in advance, and shall be deemed payable on the 1st day of January in each year. Letters of recommendation not used in the current year shall not be available in any subsequent year. No person shall take part in the proceedings of the Hospital, nor be entitled to any privileges as a Subscriber, unless his or her subscription for the current year shall have been paid.

17.—Donors of twenty guineas shall become Life Governors, and be entitled to two letters of recommendation per annum.

18.—The Hospital, Land, and Buildings, and all property devoted to the use of the Hospital, and all legacies bequeathed to it, shall be vested in Trustees, who shall invest or otherwise deal with all legacies under the direction of the Committee. The Trustees for the time being shall be indemnified out of the property of the Hospital against all losses and expenses which they may incur or sustain as Trustees.

19.—Of any legacy bequeathed to the Hospital, one half at least of the amount received under the bequest shall, unless otherwise specified by the Testator, be placed to the Endowment Fund.

20.—The Trustees (who shall be ex-officio members of the Committee), are Messrs. John Green, J.P., Frank Holyoake, J.P., and John Humphreys, M.A.; any vacancy occurring in their number shall be supplied at a General Meeting of the Subscribers convened for that purpose.

## THE ANNUAL MEETING.

The Annual Meeting of the Bromsgrove Cottage Hospital was held at the Institute, on Wednesday, January 30th, when the President (Mr. John Sumner) presided over a moderate attendance.

The Annual Report of the Committee (as recorded on page 9) was read by Mr. G. Frayne Wilson (Hon. Sec.)

The Hon. Auditor (Mr. Frank Dudley) presented the particulars of the Endowment Fund, which now stands at £8262 2s. 3d., and the Extension and Improvement Fund at £946 9s. 6d.

Mr. J. A. Brighton (Hon. Treasurer) read the balance sheet for the year, which showed a balance in hand of £67 7s. 4d. The total receipts of £2682 15s. included subscriptions amounting to £343 12s., donations £858 7s. 5d., Hospital Saturday £941 10s. 2d., Hospital Sunday £151 8s. 4d., investments £371 1s. 10d., and Pound Day £16. On the expenditure side, in addition to tradesmen's bills for maintenance and upkeep, salaries and wages amounted to £567, and general repairs cost £153 16s. 4d.

Moving the adoption of the report and statement of accounts, the President said the balance sheet was a very satisfactory one. They had cash in hand, which every hospital could not say, and although they had had more calls made upon them during the last year than ever before, they had been able to show a reduction in all the domestic outlay departments. The balance sheet indeed reflected very much credit upon everyone concerned—the committee who were in charge and the domestic management consisting of the Matron and those under her. In turning to the report, he was interested the other day when he came across a report of the annual meeting of the hospital in the "Messenger" under the heading of "Fifty Years Ago." This showed that while the number of cases treated last year was 741, the number in the year 1878 was 78; and the number of patients cured last year was 695, compared with 26. Their increase of income was largely due to the Hospital Saturday collections, and they could not show too much appreciation to the gentlemen who had devoted so much of their time and labour to the movement. It must be a great source of pleasure to them to look back and see how year by year they had been able to augment the fund. Whether they would be able to continue the increase he did not know, but he would not like to be saddled with the job himself. (Laughter.) They could not be too grateful to those ladies who had helped them in the direction of the Linen Guild and the Pound Day. In time and substance it was a record very much to the credit of everybody concerned. He thought he was not wrong in saying their Matron was mainly instrumental in starting both of the movements, which would be a standing monument to her as long as they endured. (Hear, hear.) He was not altogether surprised at the falling off in the annual subscriptions, because Mr. Brighton had put in his hands a list which showed that they had lost 11 good subscribers during the past year through death, and 14 had either gone away or for some reason or another had not seen their way to renew their subscriptions. The loss involved was £36 5s., and regarded as a percentage that was a rather serious state of things. He thought the Committee would have to turn their very careful attention to the getting of new subscribers. He had always found no one came into a thing of that kind unless they were asked, and the great thing was not to be afraid of asking. In a town and district like Bromsgrove he thought the subscription list should be larger than it was, and they might perhaps tap the district further advantageously. If they were asked, the good people of Bromsgrove and district would come forward and make up the amount by which the subscriptions were short, and a great deal more. (Hear, hear.) He had commented on two separate occasions upon the number of accidents which they, in common with practically every other hospital, had to deal with, and the fact that they so very largely consisted of motoring accidents. At Folkestone hospital it had been decided to make a charge in such cases of 11s. 4d. per day, and so few of the motorists had recognised their obligations that it was estimated a sum of £190,000 a year was lost to the hospitals of the country in this way. He believed the hospital authorities were waking up to the fact that something

## THE ANNUAL MEETING.—Continued.

ought to be done, and he believed there was a Bill in the air which would provide that before a man was licensed to drive a high-powered machine on the road he must show not only that he was fit to drive, but that he was in a position to make good any damage he might cause, and also to pay for any medical or surgical treatment that he might require. (Hear, hear.) He hoped the press would rub that in wherever possible, with a view to strengthening the hands of our legislators in that direction. (Applause.)—Mr. J. T. Banks seconded, and the motion was carried.

## THE PRESIDENT RE-ELECTED.

Proposing the re-election of Mr. John Sumner as President, coupled with a vote of thanks, Mr. J. C. Nicholls said they had been particularly fortunate in their Presidents. The generosity and business ability of Mr. Sumner were just what were required as the attributes of the head of an institution like their's.—Mr. G. F. Wilson seconded, observing Mr. Sumner was the best possible President they could have.—The proposal having met with unanimous endorsement, the President said he appreciated very much indeed the honour they had paid him. When he accepted the office it was on the stipulation that it should be for one year, but they had been pleased to renew the appointment many times. He thought they were making a mistake, and that they should have a President who was on the spot, available for consultation if necessary, and who was able to attend their committee and make himself of real use. Now he was a very busy man, and had a good many irons to keep hot, and he constantly realised his faults in that direction. He must do as he did last year, and say although he would be very pleased indeed to continue for the present year, they really ought to look round and find a more suitable President.

## ELECTION OF OFFICERS.

The vice-presidents were re-elected, on the proposition of Mr. Frank Holyoake, seconded by Mr. Hugh Sumner.

On the motion of Mr. Dudley, seconded by the Chairman, the following were re-elected on the committee: Mrs. Neale, and Messrs. J. T. Banks, J. W. Field, T. W. Guest, W. Mason, G. Russell, Hugh Sumner, and W. A. Townsend.—Miss Green and Messrs. R. Hedges and W. Johnson retired, as per rule of the institution, and Miss Green did not offer herself for re-election. In her place Miss Daisy Sassons was appointed, and Messrs. Hedges and Johnson were re-appointed.

Proposing the re-election of the medical and dental staffs, with a vote of thanks for past services, Mr. G. Russell paid a tribute to the valuable work the medical and dental gentlemen in the town did for the hospital, and expressed sympathy with Dr. Rowlands in his recent illness, with a wish for his speedy and permanent recovery to health.—Mrs. Wilson seconded, and the proposition was agreed to.

On the motion of Mr. J. T. Banks, seconded by Mr. Holyoake, thanks were tendered to Mrs. Oliver Smith and Mrs. Hugh Sumner as Lady Visitors, and the election as such of Mrs. Sumner and Mrs. Douglas Wenham was agreed to.

Proposing the election of the honorary auditor (Mr. Dudley—Messrs. T. Roper and Co.), Mr. T. W. Guest commented upon the good work the hon. auditors had done for the institution.—Mr. Nicholls seconded, and the proposition was carried.

Mr. Hugh Sumner proposed the re-election of Mr. Brighton as hon. treasurer, in whom, he said, the hospital was more than fortunate, and whose place it would be very difficult to fill. The work of the Treasurer had grown in proportion to the increase in the work of the hospital, and he calculated that Mr. Brighton's work for the institution amounted to fully two or three days' hard work per week. A mere vote of thanks was poor compensation for such a vast amount of work, but Mr. Brighton knew that all who came in contact with the work more than appreciated what he did, and he was sure the public shared in that appreciation. (Applause.)—Mrs. Neale seconded, and Mr. Dudley

## THE ANNUAL MEETING.—Continued.

supported, saying he had seen something of Mr. Brighton's work. It had been excellently done, and the books were all kept in a condition that gave him, as auditor, very little trouble.—The proposition having been carried, Mr. Brighton said he was almost overwhelmed with their thanks and expressions of appreciation. The work did take up a good deal of his time, but he derived no little pleasure from it. He hoped that in any reconstruction of the hospital some small office would be provided where the work of officials could be transacted, and the books and papers kept together. He had thought he would not be able to continue another year, but his daughter had come home and had promised to help him, and he hoped they would get along as well as they had done. With regard to the question of the reduced amount of subscriptions, he felt there were many people in the district who would come forward and subscribe and so fill the places of those who died or left the neighbourhood. He appealed to them to do so. He was sorry the Hospital Sunday support had not advanced like the Saturday fund, and they had now lost Belbroughton Church, which was subscribing to Stourbridge. As regarded accident cases, he had succeeded in obtaining contributions from many of the patients who could afford to pay for their treatment, but he was sorry to say a few went away and appeared to forget they had been in the hospital.

Mr. Nicholls proposed the re-election of Messrs. Brighton and G. Frayne Wilson as joint hon. secretaries, saying no one knew the amount of work to be done better than he did. The work did not get less.—The Chairman seconded, saying he hoped the committee would be able to build or set aside some room for an office, as suggested by Mr. Brighton. They could not have better secretaries.—The proposition was carried, and Mr. Brighton and Mr. Frayne Wilson replied. The latter said he was very thankful for the kind words spoken of him, and it would be his great pleasure to continue with Mr. Brighton. He felt it was only right that one should do something to help to alleviate sickness and suffering, and it gave him pleasure to be secretary to the hospital. (Applause.)

The Chairman read a letter from the Police and Tradesmen's Charity Committee, in which it was stated that the Committee decided to hold the first annual hospital carnival on Saturday, June 8th next. The committee thought after the first efforts others would not be a matter of great difficulty, and they now invited the support of all who were interested in the hospital. Trophies had been promised by Mr. Hugh Sumner, Mr. S. Somer, and Messrs. Hugh Sumner, Luce and Silvers, and the committee was endeavouring to obtain others in order to make competition keen and widespread. The committee asked for whole-hearted support and co-operation.—The Chairman said he was sure such support would be forthcoming from the committee, who appreciated the effort to be made, and he suggested the secretary should write conveying their thanks for the kindly interest the police and tradesmen were taking in the work of the hospital.—Mr. Banks also referred to the excellent support in general the Police and Tradesmen's Committee was extending to the hospital, and pointed out that while the institution's income was increasing their liabilities were also becoming greater. He knew that in the Hospital Saturday Fund there were several large amounts last year that could not be repeated this year, and it behoved them to work whole-heartedly on behalf of the fund. He acknowledged the way in which the General Committee had received suggestions from the Saturday Committee with regard to the treatment of poor patients, and he suggested steps might be taken whereby more could be brought into the Hospital Saturday movement as regular contributors, besides those employed at works and factories. He suggested a system of providing boxes might meet the situation. In the help the Police and Tradesmen had given, if there was one man outstanding in its organisation it was Police-constable Pitt. Mr. Banks also announced the result of the new wireless installation, which was now complete and paid for, and was much appreciated by the patients. The total cost had been £79 7s. 6d., leaving a balance of £18 5s. 11d., which the contractor made up to £20, on which 2½ per cent interest would pay for the license. (Applause.)

## THE ANNUAL MEETING.—Continued.

Mr. Hugh Sumner expressed the opinion that a children's ward was urgently needed. This would involve structural alterations, so that the hospital needed all the money they could get.

A vote of thanks was proposed to the Chairman for presiding. Mr. Brighton remarked they had a practical president, and their heartiest thanks were due to him for the service and help.—The expression of thanks was heartily accorded, and, replying, Mr. Sumner said he always felt at home at Bromsgrove. There were some places that held a warmer place in their hearts than others, and Bromsgrove was one of them. (Applause.)

A vote of thanks was passed to the Institute Council for the free use of the room.

---

### REPORT FOR YEAR ENDING 1928.

The Committee have much pleasure in presenting their 51st annual report.

The number of cases treated during the year has been 741, together with 15 remaining from last year, making a total of 756, being an increase of 77 over 1927.

The results are as follows :—Cured 695, relieved 45, died 16, and remaining 15. of these 297 were accidents, 6 proving fatal. The number of operations was 321.

The Committee beg to offer their congratulations and best thanks to the Hospital Saturday Committee and their subscribers for the record sum of £941 10s. 2d. collected on behalf of the Hospital, and are most grateful for the Hospital Sunday collection of £151 8s. 4d. They also wish to thank the Linen Guild for their untiring efforts on behalf of the Hospital, the Singer Sewing Machine Company, through their District Agent, Mr. Corbett, of Worcester, for the gift of a new treadle sewing machine, and the Matron for her successful Pound Day.

The Committee much regret the falling off of annual subscribers either by death or removal, and most urgently appeal for new ones.

The Committee wish to thank the Editor of the "Bromsgrove Messenger" and Mr. J. T. Banks for their assistance in getting together the money for a new wireless set. This has been installed, and is most welcome to the patients and staff.

During the year the whole of the exterior of the Hospital has been painted and renovated. The Committee has received legacies from the Executors of the late Miss Osler £500, Miss Powers £50, and Anon. £50.

In conclusion, the Committee desire to thank the subscribers and donors, the Lady Visitors, the Medical, Surgical, Dental, and Nursing Staff, the Clergy and Ministers of all denominations, and all those who have assisted in maintaining the Hospital in its present high state of efficiency.
